

"I think all of us are looking at the future with yesterday's eyes." Daniel Burrus

The West Vancouver Memorial Library Foundation is proud to host its 5th Annual Speaker and Dinner Evening. This year, our guest will be one of the World's Leading Futurists on Global Trends and Innovation, Daniel Burrus. He has a proven track record of predicting the future of technology-driven change and has been the featured subject of several PBS television specials. In October, this *New York Times* and *Wall Street Journal* best-selling author will be releasing his seventh book, *The Anticipatory Organization*.

This thought-provoking and entertaining evening will be held at Capilano Golf and Country Club on **Tuesday, October 24, 2017**. It will begin with a reception followed by a formal dinner with wine service.

The Foundation's volunteer Board of Directors invites you to partner with us to bring this exceptional and timely speaker to West Vancouver. We are all aware of the impact technology is already having on our day-to-day lives and this trend will only accelerate in years to come. The West Vancouver Memorial Library supports literacy in all its forms, and one of the most vital for every age and culture is digital literacy. Proceeds from the evening will support the Library's strategic plan which fosters 21st century learning, digital literacy, human connection and imagination.

Advertising for this exclusive engagement will include your logo and will be promoted in the *North Shore News*, on community signage, on the Library website, in the Foundation's newsletter to 6,000 West Vancouver residences and on a banner in the Library lobby for the month of November. Sponsors will also be featured prominently at the October 24th event with a screen slideshow during dinner service, on signage at the venue and in the evening's program.

ABOUT THE LIBRARY FOUNDATION

Established in 1986, the Foundation is a registered charity, which raises funds and administers endowments, donations and bequests for the West Vancouver Memorial Library. The Foundation provides funds annually to the Library to support enhanced programs, collections and facilities that would not be possible by municipal funding alone. Our donors and sponsors are key to providing exceptional services to everyone in our community which encourage 21st Century learning, human-connection and imagination.

Recent projects supported by the Foundation

Early Literacy Programs for children

Room 14: A safe, fun place for teens to socialize, learn, study, download, plug-in and chill out
